HOME RECORDING FOR GUITARISTS!

If you've ever considered recording your songs but find recording technology baffling.....THIS IS FOR YOU!

We'll be covering some basic home recording techniques you need to know as a guitar player to capture the best tone and great vocals as well as talking about recording gear that will do the job well, but won't break the bank!

Join us at the store on SATURDAY 27 NOVEMBER 1PM for this brief workshop, and some crazy special deals to get you started! We will be having a fire going outside so feel free to bring some drinks and meat and just come enjoy the afternoon with us!

Please RSVP with Steff on 011 791 6887 or mail me andymc gibbonsguitars@gmail.com
