# MASCHINE MIKRO

The flexibility and power of MASCHINE, but with a smaller, more portable hardware controller. Much more than a drum machine, MASCHINE MIKRO brings physical beatmaking to your DAW – the perfect entry into the world of MASCHINE.

## PROFESSIONAL PRODUCTION AND PERFORMANCE

- ▶ Ultra-portable: Integrated hardware/software system in a portable format with clever hardware shortcuts for direct access to software parameters
- ▶ The advanced drum machine: MASCHINE MIKRO combines a pattern-based sequencer, professional sampler, multi-effects unit and VST®/Audio Units™ plug-in host
- ▶ Full studio integration: Jam out ideas on MASCHINE MIKRO, then conveniently export to your a DAW for final arranging and mixing
- ▶ Professional sound library: Over 6 GB of sound for all genres with a total of 18,000 samples – over 300 instruments including basses, keys, leads, organs and strings, 300 drumkits, drum-loops, one shot samples, 1,400 pre-programmed patterns and 62 full projects
- ▶ Exceptional FX: Studio-quality effects with over 170 presets – from classic studio standards to highly creative soundshaping tools
- ▶ Classic drum machine features: 16 velocity levels, swing, pad-link, note repeat, step sequencer, MPC 60/SP 1200\* sampling emulation
- ▶ More sounds: Comes with a free version of KOMPLETE ELEMENTS – over 1,000 stunning sounds from NI's famous soft-synthesizers plus the full version of MASSIVE synthesizer

## NEW IN THIS VERSION

- ▶ Multi-color pads, now refined and even more touch sensitive
- ▶ Colors freely assignable to Sounds, Patterns, Groups and Scenes
- ▶ Includes full version of MASSIVE synthesizer with 1,300 earth-shattering sounds
- ▶ Timestretch and pitch shifting capability
- ▶ Host Transport Control: If MASCHINE MIKRO runs as a VST®, Audio Units™ or RTAS® plug-in, the hardware transport controls on the hardware can be used to control the host
- ▶ New effects: Transient Master, Tape and Tube Saturators
- ▶ NEW Auto-Write: Record parameter automation easily with MASCHINE MIKRO
- ▶ Numerous workflow improvements for an even more intuitive and faster workflow
