MASCHINE

Create beats, rhythms, melodies, and tracks in moments with MASCHINE – the groundbreaking instrument that sparks your creativity with intuitive, physical control and an ultra-fast workflow.

IDEAL FOR STUDIO AND LIVE PERFORMANCES

- ▶ The best of both worlds: Integrated hardware/software system combining the power and flexibility of computer-based music production with the feel and immediacy of a hardware groovebox
- ▶ Creative workflow: Combines a pattern-based sequencer, professional sampler, multi-effect unit and VST®/Audio Units™ plug-in host – all controllable from the hardware
- ▶ Intuitive: Straightforward control over all software parameters and functions with 47 click-buttons and 1 master push encoder, plus 8 controller knobs for realtime soundshaping
- ▶ Extensive connectivity: MIDI In/Out for connecting and controlling external MIDI hardware
- ▶ Direct impact: Automatic parameter mapping of any plug-in to the 8 controller knobs for immediate tweaking
- ▶ Full studio integration: Jam out ideas on MASCHINE then conveniently export to your DAW for final arranging and mixing
- ▶ Professional sound library: Over 6 GB of sound for all genres with a total of 18,000 samples – over 300 instruments including basses, keys, leads, organs and strings, 300 drumkits, drum-loops, one shot samples, 1,400 pre-programmed patterns and 62 full projects
- ▶ Exceptional FX: Studio-quality effects with over 170 presets – from classic studio standards to highly creative soundshaping tools
- ▶ Classic drum machine features: 16 velocity levels, swing, pad-link, note repeat, step sequencer, MPC 60/SP 1200* sampling emulation
- ▶ More sounds: Comes with a free version of KOMPLETE ELEMENTS – over 1,000 stunning sounds from NI's famous soft-synthesizers plus the full version of MASSIVE synthesizer

NEW IN THIS VERSION

- ▶ Multi-color pads, now refined and even more touch sensitive
- ▶ Colors freely assignable to Sounds, Patterns, Groups and Scenes
- ▶ Customizable Mk2 hardware – now also available in white – with removable magnetic faceplate for optional MASCHINE CUSTOM KITS
- ▶ Master push encoder with grid, and 47 all-new click-buttons
- ▶ Improved high contrast displays with higher viewing angle
- ▶ Timestretch and pitch shifting capability
- ▶ Host Transport Control: If MASCHINE runs as a VST®, Audio Units™ or RTAS® plug-in, the hardware transport controls can be used to control the host
- ▶ New effects: Transient Master, Tape and Tube Saturators
- ▶ Numerous workflow improvements for an even more intuitive and faster workflow
- ▶ Includes full version of MASSIVE synthesizer with 1,300 earth-shattering sounds

ACCESSORIES

- ▶ MASCHINE CUSTOM KITS: Style your MASCHINE hardware – choose from a selection of expressive, color-coordinated faceplates and knobs: Dragon Red (SKU: 22128); Solid Gold (SKU: 22129); Pink Champagne (SKU: 22130); Steel Blue (SKU: 22131); Smoked Graphite (SKU: 22132)
- ▶ MASCHINE STAND (SKU: 22150): For optimized positioning of the hardware on your studio desktop or mounted to a snare stand on stage
- ▶ MASCHINE EXPANSIONS: A wide range of tailored, production-ready sounds and patterns developed by renowned artists and sound designers
